---

**Advisor Advice**

"When making a to-do list, rank the items by importance using Alan Lakein’s ABC method: A = Must Do, B = Should Do, C = Nice to Do."  
"This can help you figure out where to get started!"  
-Katelyn Patterson

---

**Former DGS Student Advice**

"Take full advantage of the numerous introductory courses that the University has to offer. Because of these, I was able to explore various fields that I was interested in, and I finally chose a major that highlighted my strengths and passions!"  
-Kelsey Gow  
Food Science Major
