"Don't be afraid to take an elective or a course of pure interest because you never know where it could land you. I took HORT 107 senior year and worked as a florist for almost a year right after graduation. You never know where you will find your passion or your next job opportunity!"

"Starting my college career in DGS gave me the opportunity to explore the majors Illinois has to offer. Once I discovered the path I wanted to take, I utilized DGS resources and made it happen. Be patient, establish a goal, formulate a plan, and use your DGS resources to execute your plan and make it happen."
