The International Honorary for Leaders in University Apartment Communities, IHLUAC, is a program that honors and recognizes current residents who possess superior leadership skills and who dedicate their time to serving their community. IHLUAC was started at the University of North Dakota, and was adopted by the University of Illinois at Urbana-Champaign in 2001.

The purpose of IHLUAC is to recognize the unique and valuable accomplishments of residents living in University apartment communities throughout the United States as well as in Canada and other nations. In addition, the “International” designation salutes the global nature of University apartment housing neighborhoods. At the University of Illinois, IHLUAC acknowledges residents who have made outstanding contributions to the Family & Graduate Housing community through service, leadership, initiative in community development, and a positive attitude toward other residents.

The selection of IHLUAC members begins with the nomination form. Up to four new members can be selected each year. Every resident or staff member of Family and Graduate Housing at our University is eligible to nominate someone. Residents who qualify for the nomination are those who have lived in Family & Graduate Housing for at least one year, actively participated in a variety of programs, and encouraged the strength and diversity of our community. However, it is true that leadership and involvement comes in many forms, so an explanation of all known contributions made by the nominee is important. Past recipients are not eligible for nomination.

Residents will be selected for IHLUAC on the basis of their leadership, service, volunteerism, participation, and positive attitude. Accomplishments that are described in the statement of nomination will be the basis for consideration. Reward recipients will be recognized at the last big event for the academic year, Final Fling, and will be recognized with their name on a plaque in the FGH Office.

If you would like to recognize a resident who has made positive contributions to our community, please nominate them for the IHLUAC award. The nomination form is available online at https://go.illinois.edu/IHLUAC or fill out the nomination form on back and return it to the FGH Office. Nominations need to be received by Sunday, March 17. For questions, please call the Family & Graduate Housing Office.
IHLUAC NOMINATION FORM

Nominee’s Name:

Nominee’s Address:

How long has nominee lived in Family & Graduate Housing:

STATEMENT OF NOMINATION: Please write a brief description which characterizes the nominee and explains the reasons why you think this person should be recognized by the International Honorary for Leaders in University Apartment Communities.
